by  
FEDERICO  
MORISIO

# PLAYA NEGRITOS

## WHEN?

The journey begins on May the 2nd

and lasts until May the 11th.

# 2026

## WHAT YOU GET?

The "Peru Windsurf Adventure" is designed to provide a lifetime, outdoors and exciting trip to a high quality, long and easy wave! You will experience infinite rides in glassy and accessible waves; stunning sunset sessions, the Peruvian friendly vibe and awesome food!

The goal is to help you improve your windsurfing waveriding technique and skills; starting from the light-wind sailing gear setup, light-wind positioning and obviously down the line riding.

Thanks to my 9 years' experience in Peru and International Results (1st place in the IWT Pacasmayo Classic 2017, 3rd place in the PWA IWT Peru World Cup 2023 and 2024), you will be able to receive both quality and quantity knowledge from me.

I will make you ride the best waves of your life!

Together we will enjoy this incredible place to the max with double windsurfing sessions a day or pure fun easy surfing/SUPing on no wind days! Plus, epic relax and connecting times enjoying a sunset beer, or Pisco sour if you prefer, in between like-minded people!

## BUT WHY NEGRITOS?

This place is one of the best waves in Peru, besides the famous Pacasmayo beach, and provides the perfect setup to test, improve and enjoy your waveriding thanks to long, easy, clean and consistent waves!

On a normal wave spot around the world, considering an intermediate level, you can make 1-2 turns on a wave. In Negritos you can easily make 3-4 turns and up to 8-10 on the best days! That means 2 to 5 times more experience and practice on a wave, which is what will permit you to learn and improve so much.

**1** The wave is fun, easy, long and just in front of the beach, making it perfect for coaching.

**2** The spot is super consistent providing wind and waves almost everyday!

**3** The wave is literally in front of the Hotel, making it super easy, comfortable and easy to get in the water!

Peru is one of my favourite places for waveriding in the world because of its many epic waves and the fact that I've been coming here for 8 years is proof of that.

## WHAT'S INCLUDED

**TRANSFERS** from the Talara airport to the Hotel and way back

**DAILY VIDEO ANALYSIS SESSIONS** to bring your waveriding to the next level

**10 DAYS ACCOMMODATION** in a private room in Punta Negritos Hotel, that includes breakfast, ocean view and walking distance to the spot's launch.

**DAILY FILMING SESSIONS** with camera and drone

**10 DAYS OF PERSONALIZED COACHING** by me - inside and outside of the water

**High Quality pictures and videos** of the experience for your personal use!

**ONE DISCOVERY TRIP** to a nearby epic spot!

## WHAT'S NOT INCLUDED

Flights

Lunch and dinners + extra food

Windsurf gear rental (there are options available, just contact me)

Extra Activities that we can do (fishing, SUPping, tourism activities, surfing board rental and ect)

Travel insurance

# COACHING & FILMING

The coaching will be divided into “theory” with video analysis, moves and spots explanation before the sessions

And then an “action” part where I will follow you, give you instructions “live” in the water with the use of walkie talkies or together on the beach

The goal of the coaching is to be super personalised, to help you enjoy the conditions to the max and improve exactly on what you need and want.

So besides giving you overall indications on spots and technique, I will then go into personalized instructions for each one of you and your needs.

Finally the video analysis will permit us to correct the mistakes from the day before, set the goals for the new day and continue the improvement; raising your level and the amount of fun and motivation in the water!

We will have one filming session a day, carried out by a professional and by me at times.

We will use those videos for our video analysis sessions and they will also be available to you for personal use at the end of the trip!

## EXPLANATION AND PRICE

### Location

Negritos, Peru

### Languages

English, Spanish, Italian

### Airport

Talara International Airport (TYL). You can get here with a domestic flight from Lima, Peru.

### Safety

High

### Level

15:30 - 18:30	Touristic tours, surfing, SUP, ping-pong and ect.
20:00 - 22:00	Dinner at the Resort or in the city

## WHAT THEY SAY

**Roberto**   
**Perú Windsurf Adventure**  
 "Hice un trip de 10 días con Fede y fue una experiencia increíble. Desde el primer día nos hizo sentir a todos súper cómodos (mi señora incluida), siempre con la mejor onda y una energía contagiosa.  
 Lo que más destaco es cómo me ayudó a profundizar el conocimiento del deporte de manera general;

También, cómo analizar bien el spot y entender cómo navegar según las distintas condiciones, y cómo posicionarme en donde estoy y hacia dónde voy. Eso me cambió la forma de leer el agua y me dio mucha más confianza.  
 Además, es muy sociable, así que el grupo se armó y lo pasamos bien tanto dentro como fuera del agua.  
 Si buscan mejorar su nivel y mantener la motivación, ¡totalmente recomendado!"

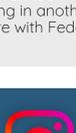

**Sandra**   
**Perú Windsurf Adventure**  
 "The training with Federico was amazing. The morning started with video analysis, mental preparation and dry-land training on the beach, which helped me to improve. I learned to read the waves better, gain more confidence and to step outside my comfort zone and believe in myself, especially in situations that were not easy to handle."

What meant the most to me was Federico's incredibly positive attitude - the way he always found something encouraging, something good, something worth enjoying. His energy made every session feel inspiring and safe and I'm really grateful for that. Sandra"

**Kurt**   
**Perú Windsurf Adventure**  
 I traveled to Peru to participate in Federico's Windsurfing Adventure and I couldn't be happier for choosing this amazing experience! Federico took care of all the arrangements necessary to enjoy and learn on this world class wave. I learned an amazingly simple yet analytical approach that I can apply to any wave sailing spot in the world.  
 The on-the-water-coaching was incredibly effective in helping me see the wave riding opportunity from a different perspective."

We then worked on my mechanics and foundation for high performance wave riding. We utilized daily video analysis to step-by-step advance my timing, technique and flow, the whole time enjoying this world class wave. I leveled up more in these 10 days than I could have imagined.  
 This was the best windsurfing experience of my life without question and I am continuing to benefit as I work on the lessons learned from this adventure. I look forward to participating in another Windsurfing Adventure with Federico soon!!
