

JULY

WINDSURF ADVENTURE CANARY ISLANDS WINDSURF ADVENTURE

15TH - 23TH

2026

by
**FEDERICO
MORISIO**

FUERTEVENTURA

WHEN?

The Adventure lasts 9 days, from July 15th to the 23rd! (Arrival and departure days are still sailable days, if conditions are there!)

2026

WHAT YOU GET?

The “Fuerteventura Windsurf Adventure” is designed to provide a world class, entertaining and friendly trip to one of the best windsurf wave locations in Europe. You will experience the wilderness of Fuerteventura’s North Shore, its beautiful landscapes, different wind conditions, accessible oceanic waves and enjoy european-like services and lifestyle!

The goal is to help you improve your windsurfing while riding a variety of conditions, from starboard-tack side- onshore jumping and riding, to port-tack side-off pure waveriding, to port-tack side-shore blasting and bump and jump conditions. Thanks to my knowledge and experience on the island, you will move around like a local, catching the best conditions in all the spots and enjoying beautiful waves until sunset!

BUT WHY? FUERTEVENTURA?

Fuerteventura is my favourite summer destination for windsurfing and was one of my first wave destinations ever.

Since 2012 I come back pretty much every year to train for the world cup events in the Canary Islands and simply enjoy wonderful windsurfing sessions.

Most of all, these are the main reasons why I love it and I believe you will too:

1 Best-in-Europe wave conditions; with lighter winds than in the other Canary Islands and way better waves.

2 Absolutely stunning landscapes, with a mix of beautiful sandy beaches, rocky coves and crystalline water.

3 Wild and uncrowded, but at the same time providing all the needed services and a great life quality.

Together with me and other like-minded windsurfers you will live an unforgettable, exciting and relaxing experience, enjoying windsurfing, nature and social life like never before!

WHAT'S INCLUDED

- Shared car rental with another person for **9 days**
- 9 days** in a shared (2 people) apartment, each with private room, in a new housing complex with pool, gym, bar and ocean views.
- 9 days of Personalized Coaching** by me, both theoretical and practical, in the water and out of the water.

- Daily Video Analysis sessions** to help you detect your mistakes, analyse corrections together and get your waveriding to the next level!
- Daily filming sessions** with camera and drone
- All my **local knowledge shared**, inside and outside of the water!
- High quality pictures and videos** of the experience for your personal use!

WHAT'S NOT INCLUDED

- Flights
- Lunch and dinners + extra food
- Windsurf gear rental (there are options available, just contact me)
- Extra Activities that we can do (surfing, SUP, fishing and ect)
- Travel insurance

COACHING AND FILMING

The coaching will be divided into “theory”, with video analysis, moves and spots explanation before the sessions

And then an action part where I will follow you and give you live instructions in the water with the use of walkie talkies

The goal of the coaching is to be as personalized as possible, which will help you enjoy the conditions to the max and improve exactly on what you need and want. So besides giving you first overall indications on spots and technique, I will then go into personalized instructions for each one of you and your needs.

Finally the video analysis sessions will permit us to correct the mistakes from the day before, set goals for the next day and continue the improvement. This will raise your level and the amount of fun and motivation in the water!

We will have daily filming sessions, carried out by a professional and by me at times. We will use those videos for our video analysis sessions and they will also be available to you for personal use at the end of the trip!

EXPLANATION AND PRICE

Location
Fuerteventura's North Shore, Canary Islands, Spain

Languages
English, Spanish, Italian

Airport
Fuerteventura Airport El Matorral (FUE)

Safety
High

Level
Intermediate and advanced

Availability
Maximum 5 participants for a highly personalized experience

Travel Dates
15 - 23 July 2026

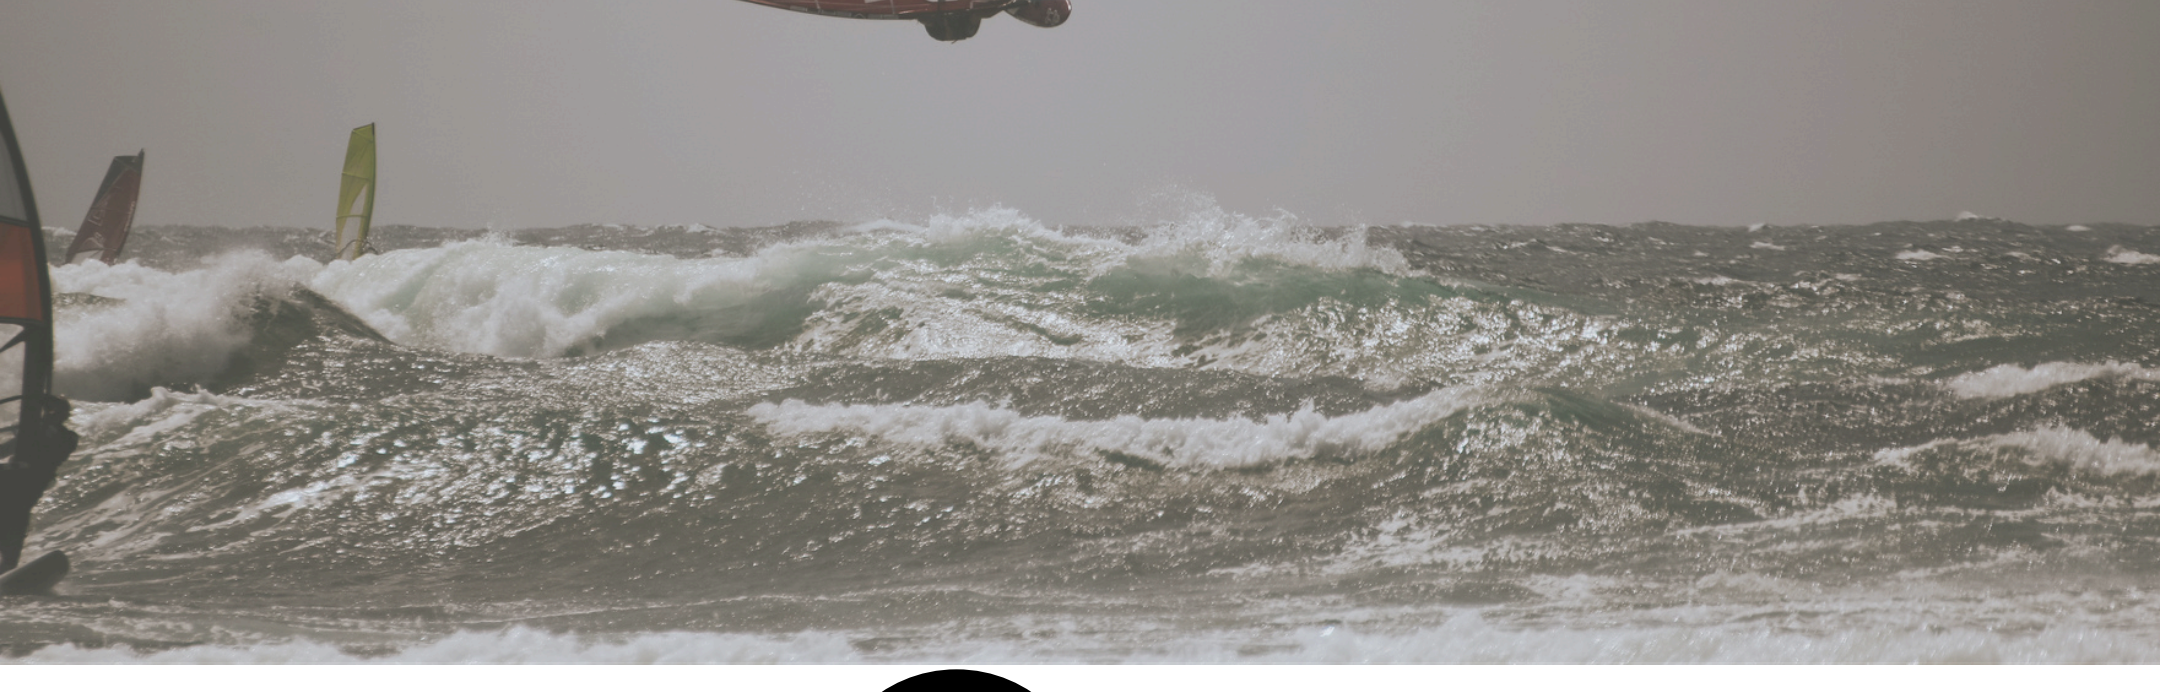

PRICE: 3450 EUROS

Currency
Euro

EARLY BIRD PRICE: 2950 Euros
if booked by March 31st 2026

Local Prices
10 - 20 Euro for a lunch or dinner (12 - 22 USD)
20 - 40 Euro for an average food shopping (23- 45 USD)

LOCATIONS AND CONDITIONS

SPOTS

PUNTA BLANCA
Starboard-tack side-onshore spot with usually lighter winds from 4.8 to 5.2. Good for riding and epic for jumping!

EL BURRO
Great point break wave for advanced sailors. Port-tack wind with intensity that varies from 4.4 to 5.0 sails.

SOTAVENTO
Pretty much an everyday-windy spot in the south of the island! Only flat water with some chops, but great for no wind days in the north and bump & jump!

PUERTO LAJAS
Fun ,easy and long riding port-tack wave 15 minutes south from El Burro. Perfect to practice and improve!

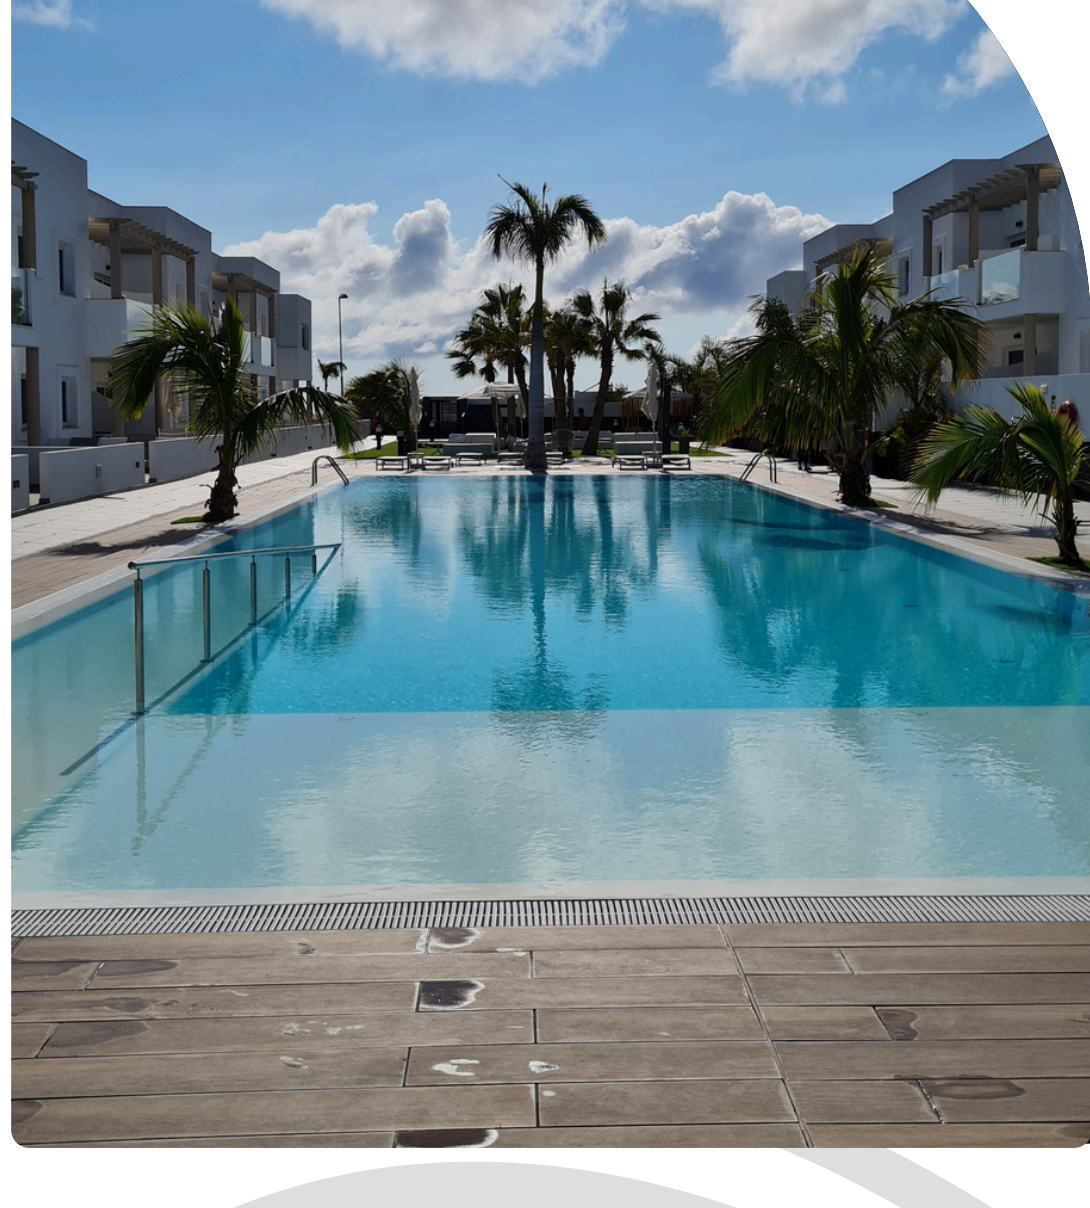

EXTRA ACTIVITIES

SURF / POOL AND RELAX / TOURISTIC TOURS / SOCIAL NIGHTS

HOUSE AND CAR RENTAL

Each participant will share the apartment with another person, making it comfortable, friendly and relaxing. The apartments includes a kitchen, two rooms each with a bed, a bathroom, a living room and a terrace.

The house complex has ocean views and counts on a swimming pool, a bar, a gym, a SPA, relaxing "green areas", private parking, Wi-Fi.

The location is pretty strategic; out of the city, for less noise, but just 5 minutes away from Corralejo's city center.

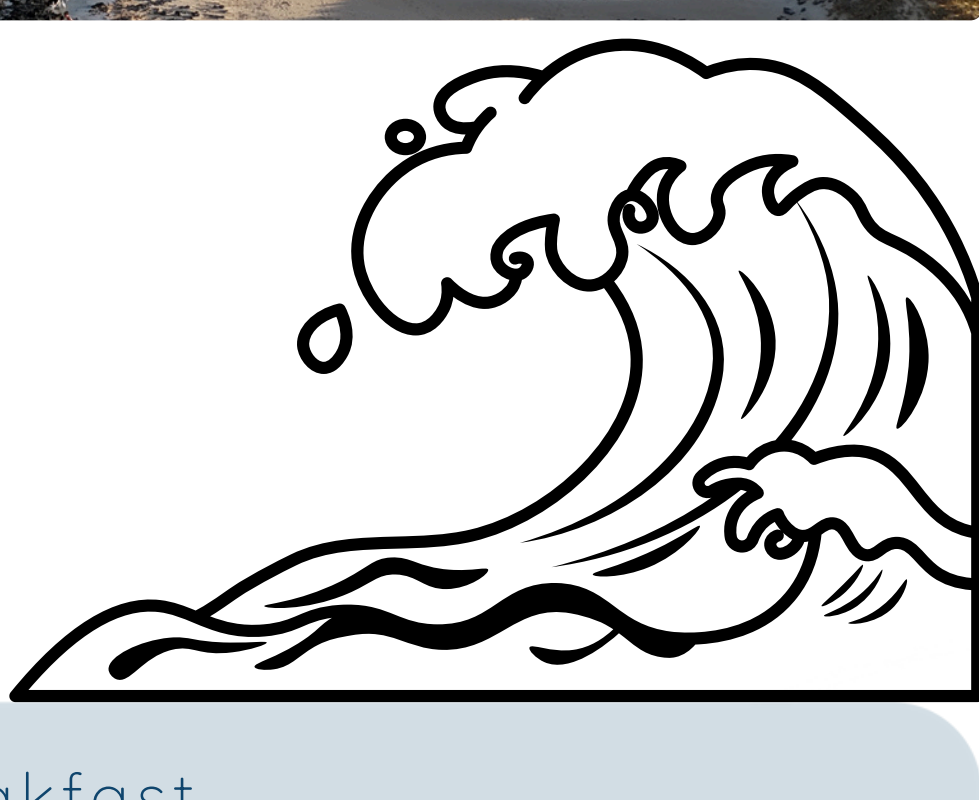

Hundreds meters away from food shops and 10 minutes away from the best wave windsurfing spot on the island!

The car rental will also be shared with another participant, to keep enjoying and sharing good times also while driving around the island chasing the best conditions.

ROUTINE EXAMPLE

WINDY DAY

09:00 - 10:00	Breakfast
10:00 - 11:00	Video Analysis and Daily Goals
11:30 - 14:30	First Windsurf, Coaching and filming session

14:30 - 15:30	Lunch Break
15:30 - 18:30	Touristic tours, surfing, SUP, and ect.
20:00 - 22:00	Dinner at home or in the city

“WHAT THEY SAY”

Fuerteventura Windsurf Adventure

Martin

The "Fuerteventura Windsurf Adventure" was a great experience and I would recommend it to everyone willing to step up their windsurfing level. Apart from the core windsurfing skills, you'll meet amazing and like-minded people and get to explore spots like a local, making sure you always score the best conditions possible!

Ferri

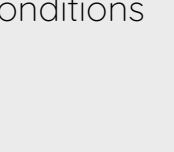

What an epic trip! I improved a lot my windsurfing skills, I discovered new spots, I learnt how to read the spot and the waves and we had an awesome time with the whole team. Fede, as well as being super nice, has a unique way of teaching. Plus we had a lot of great videos! I'll be looking forward for the next adventure!

Marcelo

Todo lindo: la isla, el clima, el complejo donde paramos y los dos points que más frecuentamos. Fede fue un gran anfitrión y Coach. Vayan bien entrenados para soportar las dos sesiones diarias, y quédense unos días después, porque entender bien los points y sacarle el jugo 100% lleva algunas sesiones.

Wojciech

The Windsurf Adventures clinic by Federico was a great experience for me. Federico is a passionate person, who dedicated his life to be a professional windsurfer and he is not only a great competitor but also a great coach - and this does not always go hand in hand. The way he passes his knowledge and experience is well organized and he notices details that other people just don't care about - like where me knees

Perú Windsurf Adventure

were pointing for example. What I also liked about the clinic was being in a very small group, so I had very personalized coaching, just like an individual one. Before signing up for the clinic, I had doubts if the thing was not overpriced and if it's worth paying more than I'd paid for my new board, just to have someone reminding me to open my hand in the bottom turn hahaha.

Now I know it is much more than this and a fair deal, considering the amount of time Federico devoted to coach us and the fact he also had to pay other people for recording drone and camera videos of us. In 10 days I made significant progress that opened new windsurfing possibilities for me. I really hope to have a chance to take such an opportunity again whenever possible!
